TEAM WORK BEATS VIRGINIAS

Mohawk Athletic Club Wins Snappy Gridiron Contest by 24 to 0 Count

It took Washington's best drilled independent football team to put the skids under the fast going Virginia Athletic Club of this city yesterday, in a ripping contest. The Mohawk Athletic Club won the melee, 24 to 0, but only after a gruelling struggle.

Coach Cockrell's speed boys showed their lack of team work, and this alone cost them the contest. The offensive work of the Mohawks was the best displayed on a Washington independent gridiron this season, and trick plays, and fast working backfield spelled defeat for the local lads.

The contest was a clean one, all things considered, and only a couple of lads were forced to the side lines. Capt. Peyton of the Big V outfit, was sent to the lines in the third quarter, but soon came back, and insisted on finishing the struggle.

Off to a flying start, the Mohawks scored their first touchdown on a series of line plunges and end runs. This was really brought about by the failure of the referee to call the downs, forcing the Virginias to lose the ball on downs when a punt would have changed the aspect of the contest.

The second touchdown was the result of an intercepted forward pass. It was a nifty piece of work. The third score came by means of a smash off tackle by Paul Cohill, who zig-zaged through for a run of twenty five yards.

In the second quarter the Big V lads took a brace and just about held their own, while in the final stanza they gave a good account of themselves. Taken as a whole, it was a well played game, between two good teams, and coaching and team work defeated speed and willingness, sans the drilling. If these teams meet a month hence, a different story will be told. Line up and summary:

Mohawks—Richards, left end; Carver, left tackle; Golaway, left guard; R. Handy, center; Browning, right guard; Birch, right tackle; Smithson, right end; Keith, quarterback; Bporkland, left halfback; Metzell, right half back; R. Cohill full back.

Virginia.—Sampson, left end; Cockrell, left tackle; Beach, left guard McKenny, center; Wicker, right guard; Yates, right tackle; Duncan, right end; Nugent, quarterback; Alexander, left halfback; Owen, right halfback; Peyton, full back.

Substitutions: Mohawks—McCleary for Richards, Langdon for McCleary, A. Hardy for Carver, Hantzmon for Golaway, Thomas for Birch, McCormick for Smithson, Lehman for McCormick, O'Brien for Keith, P. Cohill for Bporkland, Schaffer for Metzel. Virginia.—Chinger for Peyton, Whitestone for McKenny, Taylor for Beach, Corsa for Sampson, Ninnigh for Yates Ford for Duncan, Touchdowns—Bjorkland 2, R. Cohill and Metzell. Referee, Mr. Wah Sue (Carlisle), umpire, Mr. Cockrell (Cardinal A. C.); head linesman, Mr. Eagan (Mohawks).

CARTER GLASS MADE SENATOR

Secretary of Treasury is Named by Gov. Davis to Vacancy

TAKES MARTIN'S SEAT

Accepts Unexpired Term Pending Election By Voters of State of Virginia.

Washington, Nov. 17.—At the request of President Wilson Secretary of the Treasury Glass has accepted the appointment of Governor Davis of Virginia, making him Senator to succeed the late Senator Thomas Staples Martin. This statement was made at the White House today.

Richmond, Va., Nov. 17.—Appointment of Carter Glass, Secretary of the Treasury, to the United States Senate to succeed the late Thomas S. Martin, and the acceptance of Mr. Glass, were announced Saturday night by Leroy Hodges, aide to Governor Westmoreland Davis.

Governor Davis offered the seat to Secretary Glass, but declined to make a statement until Secretary Glass found if it was convenient for him to leave the Cabinet at this time.

The appointment holds good until an election is held to fill the vacancy.

Senator Martin had just been re-elected and his term does not expire until 1925. The election of Senators by popular vote, however, leaves the Governor power to fill the vacancy until the electorate can do so.

Mr. Glass lives in Lynchburg, in the western part of the State, not far from Mr. Martin's home in Charlottesville. He was a member of Congress before taking the Treasury portfolio, and as chairman of the House Banking Committee took a leading part in framing and passing the Federal Reserve law. His business is that of a newspaper publisher.

Mr. Glass has been at the head of the Treasury since the resignation of William G. McAdoo. His going will make the seventh change in President Wilson's Cabinet since its formation at the beginning of the first administration in 1913. The other members who left were Attorney General McReynolds, Secretary Garrison, of the War Department; Secretary Bryan, of the State Department; Attorney General Gregory and Secretary Redfield, of the Department of Commerce.

There is no indication at present as to whom President Wilson might select for Mr. Glass' place.

MINISTER SCORES DRYS

London, Nov. 17.—American prohibitionists who are campaigning to make England "dry" were sharply criticised by the Rev. H. L. Warneford, a Wiltshire rector, in a sermon which he publishes. Mr. Warneford declares that "men who would come and try to banish one of God's good gifts from our island had best be given a week's notice to clear. Isn't it enough to provoke national wrath that men should come from over the water to try and force upon us measures which in themselves are decidedly fishy? What on earth is their object?"

DREADNOUGHTS VICTORIOUS

Bolling Field Eleven Suffers 25 to 0 Beating at Hands of Fast Local Aggregation

The Dreadnoughts defeated the Bolling Field Aviators in a well played contest yesterday at the Shipyard gridiron, 25 to 0, before a big crowd.

The slippery condition of the field made fast work by the backfield impossible and as a result several players were injured. Frank Curtain, one of the mainstays of the Dreadnoughts suffered a broken ankle in the third quarter, while Chief Sinaler of the aviators was forced to the side lines with a dislocated knee.

By using several fast end shifts and snappy line attack the local outfit had little trouble scoring on the soldier lads. Two forward passes also aided the locals. Next Sunday it is planned to play either the War Risk Club or the Fort Washington eleven at the shipyard.

The line up and summary:

Dreadnaughts—R. Wenzel left end; Crouch, left tackle; Hayden, left guard; Cornell, center; Hale, right guard; Frazier, right tackle; Dugas, right end; J. Wenzel, quarterback; Dreyfs, left half back; Lovern, right half back; Curtain, fullback.

SENATOR GLASS

The announcement Saturday night that Governor Westmbreland Davis had named Hon. Carter Glass as the successor of the late Senator Martin, was not surprising to many Alexandrians. It had previously been suggested that Mr. Class was the coming man.

The successor to Virginia's senior Senator is being hailed with satisfaction throughout the State. Some papers outside Virginia speak commendatory of Mr. Glass and his labors as Secretary of the Treasury. The Washington Herald says:

"Governor Davis did not err in selecting Carter Glass. This statesman had proved his worth in the legislative halls of his own State and nation. Although brief, his record as a Cabinet officer reflects unusual ability. Mr. Glass has chosen his own path to what must surely lead to still greater service to the nation. Longer tenure of the Treasury portfolio undoubtedly would have led to a high and remunerative position in the financial world. That remuneration in dollars and cents did not enter his mind is evidenced by the fact that he is to enter upon a position paying less salary than that of a Cabinet officer and also is less likely to lead to a high-salaried position in civil life. Naturally, we must conclude that Mr. Glass sees far ahead into a political career. The governor would have made no less popular a selection had he made Representative Flood a Senator. Mr. Flood has served his State with rare distinction and it would have pleased thousands in and out of Virginia to have seen him in the Senate. Mr. Flood is yet young and it undoubtedly will be Virginia's pleasure to honor him at no distant time."

THE KINGDOM OF ISRAEL

Since the close of the war Bible students have had their attention centred upon the rehabilitation of Palestine and its eventual occupation by the Jewish race according to the many forecasts of the Old and New Testaments. Some ministers of the gospel are delivering sermons on this subject, in which they point to the fact that the country is no longer "trodden down of the gentiles" and is in a fair way to become the "City of the Great King" once more.

Dr. John H. Finley, of New York, who was the first American to go into Jerusalem with General Allenby, told of his experiences in the Holy Land, in an address in Philadelphia Saturday. He expressed the opinion that Palestine should be made a spiritual homeland under international control.

There was an old tradition he said, that not until the waters of the Nile should run into Jerusalem would the Turks be driven out of Palestine. The tradition has been fulfilled. The water of the Nile now goes into Palestine in 12 inch, 10 inch and 8 inch pipes, and the Turk was driven out.

Dr. Finley told of an edifice erected in Jerusalem by the former Kaiser, supposed to be a temple of worship, where a stone effigy of the Kaiser is shown as he looked before his fall, and in the sanctuary, a painting, which shows the Kaiser surrounded by an adoring group.

"That building," continued the speaker, with its blasphemous decorations, should be torn down." A picture was then thrown on the screen showing the entry of the Kaiser and his entourage in the trappings of Crusaders. Part of the wall of Jerusalem was torn down at the Kaiser's behest, he said, to permit of an august entry. Another picture showed General Allenby and his staff entering afoot by the gap in the wall.

Dr. Finley also told of a trip he took in an airplane from Jerusalem to Egypt, covering the route, which took the Israelites forty years to traverse, in two hours and 40 minutes.

THE DRY UNREST

Facts gathered by a corps of investigators in a dozen Western States point conclusively to the connection between prohibition and the present industrial unrest says the Philadelphia Record.

The association's investigators visited mining camps and country communities, in northwestern States mostly, and here are typical extracts from their findings:

"In mining camps of Utah the investigators found the miners much unsettled. They were moving about from camp to camp, dissatisfied with conditions. Most of them were reading radical literature and joining the I. W. W., which preached more wages and a six hour day. There was no beer or wine in the camps and the men paid high prices for vile "moonshine" whisky" which was making them savage and morose.

"Utah farmers and ranchmen were making on their premises many kinds of brandy, such as peach and home made wines.

A prominent mine owner said to the investigator: "I contributed to help make Idaho dry, in the belief that it would be a good thing for everybody, particularly for the miners. It has not turned out that way. There is more whisky drinking in the Cour d'Alene district by the miners than there ever was when license prevailed."

"The miners regarded prohibition as a piece of class legislation, since the mine owners had plentiful stocks. They were turning steadily from trade unions to the I. W. W. They were drinking more whisky than ever."

BLAME SEERESSES FOR VICE

Recent exposes in Milwaukee have disclosed that many girls find their way into the underworld through the portals of the fortune teller. In the Oriental splendor of the charlatan's parlor their youthful imaginations are fired to romantic dreams of blond princes who shall carry them away in Locomobile style, and they are easily duped into a life of shame by some silk-shirted masquerading as the fairy prince.

"There is no doubt in my mind that many girls are being led astray and into temptations which never would have come to them but for tales told by fortune tellers," Judge A. C. Backus, of Milwaukee, declared recently. "The fact that these seeresses are filling the minds of young girls with trash about sweethearts to be met, presents a new and serious situation. Every fortune teller known to be making a living in this manner should be dealt with under the law."

As a result there have been several arrests of soothsayers in the Wisconsin city, and the police department is closing fortune-telling booths throughout the city.—(Kansas City Star.

BOLDNESS OF ROBBERS

The increasing number of robberies and holdups in different cities, as well as the many which have occurred in and near Alexandria during the past few months have caused some thoughtless persons to cast contempt upon the police. In Washington especially the cry against these conservators of the peace has at times been loud, newspapers at the time excoriating them.

It goes without saying that policemen are anxious to run down outlaws and resort to every known means in efforts to identify them.

A week or ten days ago two negroes, after having satisfied themselves that policemen were temporarily out of the neighborhood entered a house on upper King street and made off with nearly one hundred dollars. The robbery was reported and a few days ago one of the thieves was brought before the police court and sent on to the grand jury. His companion managed to escape justice and made his way to Washington, it is said.

In some places policemen do not seem to be taken into consideration by certain outlaws.

Several new records were established by three automobile bandits Thursday, who secured four diamond bracelets valued at $4,850 from the show window of the store of Joseph K. Davison's Sons, jewelers, in Philadelphia.

The robbery was accomplished while a police captain was inside the store. Traffic regulations were defied by the robbers, whose automobile was headed south upon a street limited to north bound traffic, with a traffic policeman less than 100 feet away. No effort was made by the bandits to escape at high speed. The automobile moved slowly away from the scene of the robbery, and persons who attempted to approach it were warned off by one of the robbers, who showed a revolver.

RESERVATIONS TO TREATY

Senate Passes all But Two, as Reported by Committee

Washington, D. C., Nov. 17.—At last clamping down the lid on its peace treaty debate, the Senate substituted action for discussion Saturday with a vigor that quickly advanced the ratification fight into its final stage.

Working under cloture for the first time in history, the Senate adopted in five hours 10 more of the reservations written by the Foreign Relations Committee, and with only two committee proposals remaining set the parliamentary stage for a decision or a deadlock on the treaty early this week.

Republican and Democratic leaders worked together to invoke cloture, piling up a majority which far exceeded the two thirds necessary for adoption. In the count of 78 to 16 the two parties contributed about evenly.

The rollcall over, however, and cloture a fact, the Republican managers took complete charge and swept everything before them.

The Best Remedy For Unrest

Strikes and riots and revolutions are not as bad in themselves as are the conditions of which they are the symptoms.

What the world needs above everything else today is the saving gospel of Jesus Christ applied in the lives of individuals and nations.

FUEL FAMINE IN TEN DAYS

Most Serious Shortage in History Looms as Possibility

Chicago, Nov. 17.—Unless the coal strike is settled and miners go back to work within the next ten days, the country will be face to face with the most serious fuel shortage in its history. It was predicted yesterday by members of the Central Western Regional Coal Committee. Since the strike was called no coal has been produced by any of the big mines. Output, from small producers, operated by non-union men, is inconsequential when the needs of the entire country are considered.

"The supply is being rapidly depleted," said B. J. Rowe, chairman of the Central Western Committee. "We have decided it is necessary to hold up deliveries except in cases of great emergency."

"Industrial plants of the region will be in a precarious position within a comparatively short time" he said. "The situation is more serious than commonly supposed."

NEGROES CONFESS MURDER

Grilled by Delaware Attorney General, Three Brothers Break Down

Philadelphia, Nov. 17.—Three negro desperadoes, arrested in connection with the murder of a patrol man and the wounding of another in a shooting melee in Wilmington last Thursday night, were grilled for more than three hours Saturday in City Hall by Attorney General David J. Reinhardt, of Delaware, and Francis E. Green, captain of the Wilmington detective force. The prisoners, Lemuel, John and Joseph Price, all brothers, of No. 817 East Sixth street, Wilmington, were rushed to this city, following the shooting to escape the fury of a mob of shipworkers, bent on lynching them.

The Delaware officials, after questioning the negroes, stated they had established the fact that the shooting was done by Lemuel. During the grilling the negroes broke down and also confessed the looting of eight shops in the business section of Wilmington within the last few weeks. All of these robberies were crudely done, Capt. Green said. In each case the thieves attempted to pry open the safe, but failed. Knobs of some of the safes were found in the home of the colored men

The policeman murdered was Thomas L. Zebley. Patrolman Harry C. Pier is in a serious condition with three bullet wounds in his lungs. The shooting occurred when the officers attempted to place the three brothers under arrest.

Attorney General Reinhardt announced that the prisoners would be given speedy trial.

Pale Children Need Gude's Pepto-Mangan

Unnatural for Children to be Pale and Thin—Paleness is Sign of Thin, Watery Blood

Pepto-Mangan Makes Red Blood

Prepared in Liquid and Tablet Form—Both Possess Identical Medicinal Qualities

It is necessary for boys and girls to laugh, romp, play and enjoy themselves, for it is at that stage of life that the foundation is laid for future health.

Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like the other children, whose appetite is poor, and who tires easily.

If the lassitude is due to poor blood, which is often the case, a simple, safe, and pleasant remedy is within easy reach. Gude's Pepto-Mangan is just the tonic for pale, thin children. Gude's Pepto-Mangan contains the very ingredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor, strength and vitality that make happy, romping children.

For the convenience of the public Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties.

When you ask the druggist for Pepto-Mangan, look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects.

They start the bile and overcome constipation. Millions of boxes are sold annually at 10c and 25c. Take one or two nightly and note the pleasing results.

The Trouble Is in the Blood.

Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter.

That's why it is so important to treat catarrh with S. S. S. during warm weather.

It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the root of the trouble. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. Address Swift Specific Co., Dept. 53, Atlanta, Ga.

OPERATORS AND MINERS

Counter Proposals to Demands Expected at Conference Today

Counter proposals to the demands made by the miners are expected to be made by the coal operators when the joint conference is resumed here today.

It was stated last night that the representatives of the coal operators would offer the miners an advance in wages, but that the per cent of increase would be very much less than the 60 per cent for which the miners are still fighting and that the offer would be, perhaps as low as 25 per cent.

The operators, it was said further, will not at this time at least make any concessions toward meeting the miners' demands for a six hour day and five day week. On this point they are relying in part upon the declaration by Secretary Wilson that a thirty hour week is an impossibility in view of the present industrial condition of the county.

With the presentation of counter proposals by the mine operators the lines of dispute will be sharply drawn as the miners have already submitted the same demands as those upon which the strike was called.

England agrees with America that Virginia-Carolina is the best tobacco

In the United States alone, 30 billion out 40 billion cigarettes smoked last year contained Virginia-Carolina tobacco.

And in England—where Virginia-Carolina costs as much as Turkish tobacco—Virginia-Carolina *is preferred.*

Virginia-Carolina tobacco has a zest and a relish that give a cigarette *character* of taste.

STRAIGHTENED HIM OUT

Solomon Bequette, Flat River, Mo., writes: "Two years ago I was down on my back till I could hardly go. Foley Kidney Pills straightened me right up. I recommend them to all who have kidney trouble." Rheumatic pains, aching joints, sore and swollen muscles indicate that the kidneys are not properly filtering impurities from the blood. Foley Kidney Pills get right at the trouble and give prompt relief. Painful, irregular and sleep-disturbing bladder trouble also yield quickly to their tonic healing action.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

MILK BOYCOTT

New York Consumers Will Conduct Three Days' Strike Each

New York, Nov. 17.—More than 500,000 consumers in Greater New York were expected to go on a "milk strike," today as a demonstration of the ability of the middle class consumer to organize.

No reduction in price is expected to result from the boycott, which is to be directed by the city committee of the Community Councils of National Defense. Only children under seven years of age and invalids are exempted from the "strike order," which provides that the boycott shall last three days a week.

THEATRES

INGOMAR—"Forest Rivals"

Two men loved her—at least that's what they said. But Julie didn't care for either of them. She was a primitive child of nature—born and bred in the deuse forests of Quebec—with some inborn sense of right and wrong. Both her lovers were "bad men." They sold liquor to the Indians, which is a very serious offense.

Neither Jean nor Pierre were the lest bit daunted by the constant refusals they received. In Quebec the old French system of custom of parents arranging matches is still in progress. Pierre and Jean meant to compel June's uncle, who was her guardian, to make him force her to marry him.

Just how successful they were is the story told in "Forest Rivals" the newest World Picture, which is being shown at the Ingomar theatre tonight.

Dorothy Green and Arthur Ashley are starred in "Forest Rivals."

Chapter 14 of "The Great Gamble" also shown.

RICHMOND—"A Virtuous Vamp"

The latest Constance Talmadge production, "A Virtuous Vamp," by John Emerson and Anita Loos will be seen at the Richmond Theatre today.

In this production Miss Talmadge takes the part of a girl whose winning smiles and coquettish habits involve her in all manner of ludicrous escapades until she finds the one man who is proof against her wiles. The play is an adaption from "The Bachelor" by Clyde Fitch.
